STABILITY AND PERMANENCY

Do you realize that a County Directory Advertisement is a testimonial to the permanency, the stability of the advertiser? That's the sort of concern all of us want to patronize, because we know when they sell us merchandise or service they are behind it in every way, today, tomorrow, and for years to come.

"Fly-by-Night," "Fire Sale" and temporary or "Get-Rich-Quick" concerns rarely appear in the County Directory and it is a noteworthy fact, that concerns which advertise one year in the County Directory are there again every three years.

BUY AT HOME

Patronize your Home Merchants, Homeowned Stores and Professional Men. They are part of your community; they pay taxes that keep up your schools, roads and local government. Their contribution keeps up your churches, local, civic and charitable institutions. They are worthy of your support one hundred per cent.

These advertisers comprise the most reputable firms and individuals in your community and they are to be highly complimented for their efforts to give this directory to the rural residents of Butler County, Ohio.
